RE: Monthly Progress Report
Solutia – John F. Queeny Plant
St. Louis, Missouri
EPA ID No. MOD 004 954 111

Dear Mr. Morrison:

Environmental Operations, Inc. (EOI), on behalf of SWH Investments, is providing this Monthly Progress Report for the John F. Queeny Plant formerly owned by Solutia. We are providing this Progress Report in order accordance with the reporting requirements of the EPA Docket No. RCRA-07-2009-0015 Consent Order which became effective December 18, 2009. Per the Interim Measures Work Plan, these reports will be submitted every month.

Reporting Period

September 1, 2013 – September 30, 2013

Description of the work conducted pursuant to the Order during the reporting period.

- EOI selected Bulldog Drilling, Inc. for the injection work and scheduled the task to commence in September. EPA and MDNR were notified/invited to observe activities.
- EOI initiated the final injection event on September 23, 2013. The injection work is scheduled to take approximately four weeks to complete. Injection is taking place in FF Building Area, the former APA, and the FBCSA.

Estimate of the percentage of the project completed during the reporting period

- 2%
